Steve Voorhees, President

Hello,

We are in need of sponsors and donations for our 1st Annual Parkrose Middle School Ride for Education, a bicycling event open to anyone who wants to participate, happening May 19th 2007. We are asking you to take part in our largest fundraising event of the year and support the Parkrose Middle School.

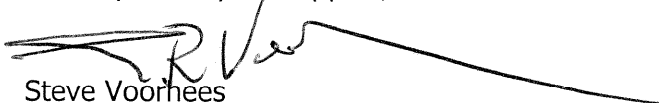

Why are we doing this? With the current computer system, their education is limited. There are approximately 70 computers for 820 students in the middle school. Our children are being limited to what they can learn. By increasing the number of computers and programs, they have the opportunity to have a much better education and a better understanding of current programs and computer technologies, more reliable computer systems, as well as more opportunities to enjoy the work (and education) they are doing without the constant frustration of limited equipment hindering their progress. Middle School is a critical time in our child's educational development. Giving our children the best education possible will make their transition into high school and life much easier and more successful. Please give the kids of Parkrose Middle School the opportunity to make everything they can of the learning environment.

The ways you can help with this are numerous:

- Event Sponsor – \$500
 - Name or Company Name or Company Logo on signs around event and on flyers and web site.
 - Link on our event web site to your Company web site.
 - Company Logo on event t-shirt.
 - Sponsors (5) Parkrose Middle School Students in the Ride for Education, allowing them to take part in the ride.
- Proud 200 - \$200
